SKILLS

- ❖ **Full Stack Developer (MERN)**
- ❖ **CSS Frameworks (Tailwind , Bootstrap)**
- ❖ **Wordpress (Elementor)**

PROJECTS

- ❖ **Blog Website (MERN)**
I developed a full-stack blog website using the MERN stack, Tailwind CSS, and Cloudinary. The site features user and admin roles, where users can view posts and admins have full control to add, update, and delete posts, ensuring a dynamic content management experience.
- ❖ **Ecommerce Website (MERN)**
I created a full-stack e-commerce website using the MERN stack and Tailwind CSS, featuring a user-friendly interface with search and filter functionalities. Key functionalities include adding items to the cart, adjusting quantities, deleting items or the entire cart, and a secure checkout process integrated with Razorpay for payment processing, along with comprehensive registration and login/logout features.
- ❖ **GYM Website (MERN)**
I developed a gym website using the MERN stack that incorporates secure login and registration functionalities with bcrypt and JSON Web Tokens for authentication. The site features a BMI calculator and additional tools to enhance user experience, providing an engaging platform for fitness enthusiasts. I'm continuously working on improving its functionality and design.
- ❖ **Portfolio Website (ReactJS)**
I designed and developed my portfolio website using React and Tailwind CSS, enhanced with Framer Motion for smooth animations. The site showcases all my projects, highlighting my skills and experience, and serves as a dynamic representation of my work in web development.
